Ref: Contract  Task Orders 5 and 6

Dear 

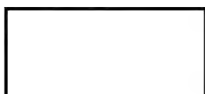

This is to confirm our conversations with respect to the expenditures under the above Task Orders. As indicated then, and also as is apparent from our "Status of Project Costs Statement" of January 31, 1962, we have passed the 85% expenditure and commitment point with respect to funds allotted to these Task Orders. We, therefore, urgently need the allotment of additional funds to bring the total allotment up to the estimated project costs of each Task Order.

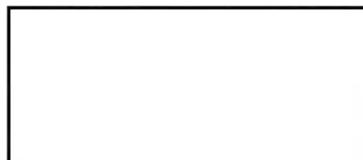

STATINTL

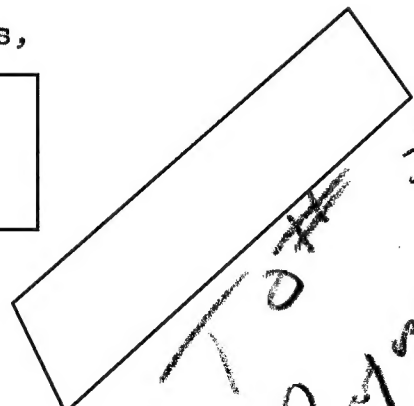

Very truly yours,

STATINTL
